### Information

**Order number** 007504S021-048025S-1

### Description

#### PROCESSING RECOMMANDATIONS:

No pre-drilling required.

#### FIELDS OF APPLICATION:

Sheet metal processing, metal crafts

#### FIELDS OF APPLICATION:

Drilling screw for metal connections in indoor applications.

#### PRODUCT STRENGTHS:

##### Pan head

Flat contact surface

High contact pressure

Perfect fit and neat finish

Suitable for fittings and fitting parts

##### Single-start thread

High load-bearing capacity

##### Drill tip

Drills wood, wooden materials, aluminium and steel sheets

### Features

**Article number** 007504S021-048025S-1

**Code** 04141/6

**GTIN/EAN** 4005674041416

**Diameter d [mm]** 4,8

**Length L [mm]** 25.0 mm

**Head diameter dk [mm]** 9.5

**Height of head k [mm]** 3.55

**Diameter of drill tip dp [mm]** 4,1

**Material** Steel

**Surface** zinc plated, blue passivated

**Drive type** PH

**Drive size** 2

**Head shape** Pan head

**Seal: Abbreviation** S14

**Packaging classification** Mini pack

**Packaging quantity** 100

**Packaging unit** Pcs.

Prevents wood from splitting
